Reedsburg Boy Shoots Himself Twice With Single Barreled Gun.

(SPECIAL TO THE GAZETTE.)

Reedsburg, Wis., March 30.—Death self-inflicted and the morbid contrition and splittings of conscience which Oliver Smith felt intolerable and to whom there were unknown terrors of the hereafter, his body still warm and the clothes still, was found a few minutes after he had fired two shots into himself from a single barreled shotgun. Smith was a youth of 25 years who drove a dray wagon route between La Valle and Lame Ridge and enjoyed the confidence of his patrons to the highest degree. Last week a package containing a thousand dollars was entrusted to his care, but when delivered at La Valle only blank paper was found where the money had been. The constable put Smith through a close examination and after being questioned to a considerable length, the young man broke down and admitted that in a moment of weakness he had abstracted the thousand

Louis P. A. Langevin as Archbishop of St. Boniface. His Grace was the celebrant of high mass in the cathedral this morning and during the day he received numerous congratulations.

STATE PRIMARY IN ARKANSAS TODAY

Public Interest Centers Chiefly In gubernatorial Contest Nomination Equivalent To Election.

(SPECIAL TO THE GAZETTE.)

Little Rock, Ark., March 30.—The democratic campaign in Arkansas closed last night in a lively finish and today the primaries are being held throughout the state. Nominations are to be made for governor and other important state officials, county officers and representatives in Congress from each of the seven districts. Public interest centers chiefly in the gubernatorial contest in which George W. Donaghy, the present incumbent, is opposed for re-nomination by J. C. Cavanaugh. The primary is considered equivalent to an election.

At Atlanta Today and Listened To Addresses By Eminent Authorities From Several States.

(SPECIAL TO THE GAZETTE.)

Atlanta, Ga., March 30.—The Georgia Library Association began its eighth annual meeting here today, the morning being devoted to welcome and responses and the afternoon reports of the officers. At the afternoon session papers or addresses treating of various phases of library work were presented by Miss Alice Tyler, secretary of the Iowa library commission; Mrs. E. G. McCabe, chairman of the library department of the Georgia Federation of Women's Clubs; Miss Minnie Leatherman, secretary of the North Carolina library commission; and Dr. Thomas M. Owen, director of the department of archives and history of Alabama. The meeting will conclude its business tomorrow.

BASEBALL SEASON OPENED ON COAST

(SPECIAL TO THE GAZETTE.)

San Francisco, Cal., March 30.—The season of the Pacific Coast baseball league opened today, with Oakland playing in Sacramento, Vernon in Los Angeles and Portland in San Francisco. The league will play the longest schedule of any baseball organization in the country. It provides for 218 games, with November 6 as the closing date. More interest is shown in the initial game on the entire circuit than ever before in the history of the league. The clubs appear evenly matched with the managers optimistic about their chances for the pennant.

O. and P. League.

Youngstown, O., March 30.—The managers of the Ohio and Pennsylvania baseball leagues assembled here today for a meeting to adopt a schedule and complete all other arrangements for the coming season. According to the schedule prepared the clubs will play for their initial game on May 1st with McKeesport playing at Muncie, Ind., Youngstown at Akron, East Liverpool at Canton and Newcomen at Erie. It is proposed to play a season of 126 games, closing Labor day.

The clubs owners and managers are looking forward to the most successful season in the history of their organization.

STRICKEN SUDDENLY WITH AN ATTACK OF PARALYSIS

Mrs. R. Richardson of Milton Found Lying In Critical Condition On Floor of Home.

(SPECIAL TO THE GAZETTE.)

Milton, March 30.—Mrs. R. Richardson was the victim of a stroke of paralysis yesterday. Mr. Richardson went to Edgerton and she was alone in the house. On his return at 5:00 p. m. he found Mrs. Richardson lying on the floor and there is no means of ascertaining at what time the stroke came upon her as she was unable to speak and has not been conscious yet. Her death is expected at any hour. Mrs. Richardson had been in usual health prior to the attack.

THE WINDOW THROUGH WHICH FAY ESCAPED FROM THE JAIL

in his postoffice robbery. Broke Jail Here.

Eddie Fay broke jail in Janesville on the night of August 25th, 1904, while he was waiting trial for having robbed the Superior Post Office of \$14,000 worth of stamps and money. Present Chief of Police George Appleby was at that time sheriff and Ray Graves was turnkey. Fay at the time he was in jail here was twenty-nine years of age and the New York dispatch places the age of Cunningham at 35 which would make it correct in this detail.

Superior Robbery.

The post office at Superior was robbed in October of 1903. Fay and two companions, Dennis and Flaherty were tracked to Lake Koshongong and in a fight on a train with the sheriff and his deputies Fay escaped his two companions were caught. Later Fay was captured in Chicago and taken to Madison to wait trial. Owing to the escape of Flaherty from the jail there he was brought to Janesville on order of United States District Attorney Wheeler.

Made His Escape.

Fay had long boasted that no jail could hold him and he made it good although it is certain that he had outside help. The door of the cell corridor was forced and a hole in the barred window to the south of the jail escaped through and Fay and his aid escaped down a drain pipe. Since then no trace of him has been discovered until his reported identification in New York City.

Appleby Pleaded.

Chief of Police Appleby is much pleased with the report of his capture and says that he had him in charge for fifty days and would be mighty glad to do down to New York and help identify him if there be any doubt. He would also like to have a good look at Fay and find out how he made good his escape from the jail here.

COUNTY BOARD IS ENJOINED BY THE ACTION OF COURT

La Crosse County Board Finds Injunction Starring Them In The Face.

(SPECIAL TO THE GAZETTE.)

La Crosse, Wis., March 30.—The La Crosse county board which met yesterday for the purpose of removing Poormaster Hauer from office on charges of insolent treatment to applicants for charity, was tied up by injunctive proceedings and to prevent any action in the matter and at the same time quo warranto proceedings were started in circuit court to deprive twenty-one members of the board from holding offices on the ground that they are members or are interested in companies which sold supplies to the county, thus disqualifying them from holding office. The county board adjourned pending the decision of the court. The case was started by Hauer's attorney who will put up a big fight.

FIFTY SOLDIERS DIE IN WRECK OF MILITARY TRAIN

Report of Serious Accident to German Troop Train Learned In Berlin.

Berlin, March 30.—A private dispatch from Mulhouse-Bethlehem is to the effect that fifty soldiers were killed outright or wounded in a collision of a special passenger train with a military train today. No details or official confirmation was received this afternoon.

SCARLET FEVER IS FOUND AT MENDOTA

(SPECIAL TO THE GAZETTE.)

Madison, Wis., March 30.—A mild epidemic of scarlet fever has broken out at the state insane asylum at Mendota, and that institution has been quarantined by the state board of control.

County judges throughout the state have been mailed circular letters asking them to commit no more patients to Mendota for the present. The place is crowded and to remove the chronic patients to the county institutions in order to make room for the new ones, would be taking a chance of carrying the fever into other institutions.

The disease was brought into the hospital by a patient, and the first one to be stricken was Dr. Mary Sauterhoff. In the past week three patients have been taken down. The condition of the other patients is not critical.

YOUNG WOLTER IS HELD FOR MURDER OF WHEELER GIRL

Grand Jury Will Consider His Case When It Is Brought to Their Attention.

(BY ASSOCIATED PRESS.)

New York, March 30.—As a result of the inquest into Ruby Wheeler's death, Albert Wolter was held for the grand jury. Sisters of the dead girl identified various articles found in Wolter's room as belonging to Ruby. The grand jury this afternoon indicted Wolter for the murder of Ruby Wheeler.

AN AFRICAN KING HAS PASSED AWAY

MENELIK OF ABYSSINIA DEAD, AGED SIXTY-SIX.

HAS HAD A LONG REIGN

Known As An Emperor—Defeated the Italian Forces in Pithed Contest.

(BY ASSOCIATED PRESS.)

Addis Abeba, Abyssinia, March 30.—Menelik II, King of Abyssinia, is dead, age sixty-six years.

Menelik II, who bore the title "Negus Negustin," or King of Kings of Abyssinia, but was commonly called Emperor of Abyssinia, was one of the most interesting characters among the rulers of Africa. He was born in the year 1843, the son of King Menelik of Shoa, one of the Abyssinia states, and of a beggar woman of striking beauty, who one day sought alms at the palace door and attracted Menelik's attention.

Menelik was named heir by his father, though there were other sons who thought they had a better claim to the throne. At the death of King John of Abyssinia in 1889 Menelik, who had succeeded to the throne of Shoa, brushed away the claims of Mangacha, a nephew of John, who had been named by the dying emperor as his successor, and was crowned at Addis, March 12, 1889, through the might of his army of 100,000 men.

While a progressive and highly ambitious ruler, Menelik did not attempt to force innovations on his people. His fondness for mechanical contrivances amounted to a passion and he availed himself of all he could get of the latest inventions for his personal use. Within the last year of his life he bought an automobile and became expert in its use. When he first learned of the value of watches and clocks he ruined several that were sent to him by taking them apart and trying to put them together again. His perseverance resulted in his becoming an expert, so that he could take apart and reassemble any time-piece he possessed.

It was the boast of Menelik that he was a lineal descendant of King Solomon and the Queen of Sheba, who "came to Jerusalem with a very great train, with camels that bore spices, and very much gold, and precious stones; and when she came to Solomon she communed with him of all that was in her heart." A noble tradition indeed says that the queen did bear a son to Solomon, named Menelik, and with a credulous people professing Christianity, as the Abyssinians have professed since the fourth century, such a claim doubtless was of value to the ruler.

The great accomplishment of Menelik, which raised him inestimably in the eyes of European statesmen and made them careful not offending this ruler of a semi-barbaric country, was his defeat of the Italians in 1896. Like other European nations, Italy desired land in Africa and sought to extend the foothold it had obtained by founding a colony at Massowah. The Abyssinians were then busy fighting the Egyptians, but as soon as that war was over they turned their attentions to the Italians.

Menelik repudiated a treaty that had been made in 1889 and road differently in the Italian and Amharic versions, by a virtue of which Italy claimed a protectorate over Abyssinia, the growing defeat of the Italians at Adowa, March 1, 1896, and in the following October a treaty was signed by which Italy recognized fully the independence of Abyssinia.

The victory of Menelik over the Italians was due to his wisdom in obtaining modern firearms for a great part of his army. In the war with Great Britain, in 1888, the Abyssinian troops were armed with ancient flint-lock muskets and with swords and lances. The defeat of the natives by the British troops was accomplished easily and doubtless inspired the Italians with the hope of similar victory. But conditions had changed in the second war.

Although the great powers agreed to forbid the importation of firearms into middle Africa, Menelik obtained his modern equipment for his army chiefly, it is said, through Russian sources and overcame the great difficulty of obtaining ammunition by establishing his own powder factory and loading his own cartridges. In the arts of peace as well as of war he set about educating his people and negotiating trade with foreign countries. His ambition resembled that of progressive Japanese statesmen, and it is a well known fact that Menelik had studied with much care the remarkable progress of Japan in recent years, with the hope of modeling his own country on the same plan.

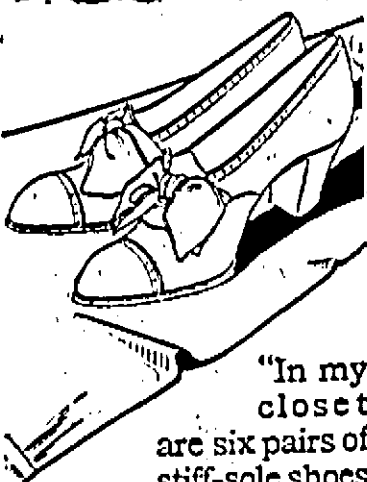

According to the description by travelers Menelik was almost coal-black, short and stout and not impressive physically. He never learned to speak any other language than Amharic and perhaps one or two dialects, and conducted intercourse with foreigners through his secretary, an accomplished Greek, speaking fluently French, Italian, Spanish and English.

Some time before his death Menelik made his grandson, Litsch Jaw, son of Menelik's daughter Zeodita, heir prospective to the throne of Abyssinia, but as the heir is merely a boy and there are several other aspirants to the throne, older than he, there is reason to fear there may be trouble over the succession in Abyssinia before long.

Army and Navy Wedding.

San Francisco, Cal., March 30.—A wedding of interest in army and navy circles today was that of Miss Henrietta von Schröder, daughter of Colonel Henry von Schröder, and Lieutenant Prentiss Bassett, U. S. N. The ceremony was performed this afternoon at the home of the bride's family. On their wedding trip the couple will proceed to Boston, where Lieutenant Bassett is in command of the Tarpon on submarine duty at the Churchoff navy yard.

THIEVES CAUGHT IN OSHKOSH WERE HERE?

Dr. Richards Says That He Believes Man Arrested and His Partner Committed Theft Here.

That the robbers who stole fifty dollars worth of gold foil from his office were members of a gang which is operating throughout the country, is the belief of Dr. P. T. Richards, dentist, according to a statement made by him to a Gazette reporter this morning.

Dr. Richards bases his suppositions on the facts of a robbery which occurred recently in Oshkosh, the circumstances of which were similar to those in connection with the burglary of the local office. The story told by Dr. Richards is as follows: "Dr. Gabo, a dentist in Oshkosh, returned unexpectedly from dinner and as he reached the door of his office, two men were just coming out. He became suspicious and entering the office found that he had been robbed. The doctor rushed out of the office on to the street, and in his search for the men discovered them coming out of the office of a rival dentist, which had also been burglarized. Dr. Gabo, grabbed one of the men and said, 'Give me that gold you just stole from my office,' but the man denied taking anything. Dr. Gabo, who is quite heavily built, saving on the man, and hit him on the chin, stunning him.

"The robber's partner ran, but a policeman nearby was attracted to the scene and arrested the man instead of the thief and the gold was found on him. He was given a sentence of two years. Before he went to prison he said that he was one of a number of men working throughout the country, robbing dentists' offices in that manner.

"The gold secured in this way, the man said, is sent to a New York firm, where it is melted and half of the proceeds of the sale of it turned over to the thief. He offered to reveal the name of the firm in New York to the officers if they would get him out of trouble. Of course they could not do that and the man would not tell the name of the firm."

"I think that these two men who burglarized the Oshkosh office were the ones who entered my office. There is a train leaving here at five minutes to one, for Oshkosh, and they could have been on their way there before I had returned from dinner.

ANNUAL EXHIBITION OF Y. M. C. A. CLASSES

Seniors, Intermediates and Others Will Take Part in Exercises on April 22.

Physical Director George Wheeler of the Y. M. C. A. is perfecting plans for an athletic and gymnastic exhibition to be given on the evening of Friday, April 22. The work of preparation for the event has already been commenced and members of the various classes are working on the stunts in which they will participate. All of the classes will be represented in the exhibition. The A Juniors are to have a special part in the program and the B Juniors will take part in a dumb bell drill.

The exhibition is an annual affair at the association and is one of the most successful and best features of the year. Last year it was held in the auditorium of the high school and was one of the best of its kind ever held off. It is planned to make the exhibition as good or even better than previous entertainments of the sort.

1,000 VOTERS MAY BE DISQUALIFIED

In Rock County As Result of Operation of Constitutional Amendment and New Naturalization Law.

That no less than one thousand made residents of Rock county, who would otherwise be entitled to vote, have been disqualified by the constitutional amendment relating to naturalization which was passed two years ago, and a change in the naturalization law, itself, is hazarded as a conservative estimate by one of the officials at the court house who has a wide knowledge of this district and its people. The amendment, it will be remembered, declares that all persons of foreign birth who, prior to Dec. 1, 1908, declared their intentions of becoming citizens of the United States and have taken out their first papers, shall have the suffrage. At the same time it stipulates that the right thereby granted shall cease for all such persons as shall not have taken out their second papers and become full-fledged citizens on Dec. 1, 1912. The change in the naturalization law which will affect a great many is the clause which requires that all who are foreign born and of parents who failed to take out sec-

ond papers before the said foreign-born children were twenty-one years of age, must take out both first and second papers before they shall enjoy the voting privilege. Under the present procedure an interval of two years must elapse after the granting of the first papers before the second ones can be issued. From Edgerton, where a hot contest on the subject of this question is anticipated, a representative of one of the factions was sent to investigate matters the other day and as a result of his discoveries some seven foreign born residents of the Tobacco City who have taken out first papers since Dec. 1, 1908, will be challenged if they attempt to vote. Four petitions for second papers are to be heard on May 2 and with two months to go still remaining for filing purposes, there are already fourteen applications which will be heard on Sept. 25. Six of the applicants are Germans, five are Norwegians, two are English, one Russian, one Swiss, one Austrian, and one Canadian.

Democrats to Meet: By an order issued by city chairman of the democratic party, J. J. Cunningham, a meeting of the democratic committee and the candidates on this ticket will be held in the law office of F. C. Burpee Thursday evening. All candidates are requested to be present.

CATARRH DESTROYED

MY APPETITE.

PERUNA rarely fails to restore the appetite. Immediately upon beginning the use of Peruna patients begin to eat and digest. This is the universal testimony, coming from all parts of the civilized world.

Catarrh is a very frequent cause of loss of appetite and disturbed digestion. The beneficial influence of Peruna on catarrh completely restores the appetite in such cases.

To prod the digestive organs with medicines that are merely stimulants is a poor way to remedy such cases.

Removed Catarrh, Restored Appetite.

Mr. Joseph H. Conlan, 187 7th Ave., Brooklyn, N. Y., writes:

"I suffered from catarrh which completely destroyed my appetite and weakened my entire system.

"I am now cured and cheerful in spirit, all through the agency of Peruna, which has cured me effectively and restored my appetite.

"My only regret is that I did not use Peruna sooner and I would have avoided all my previous suffering and misery."

—Mr. Joseph H. Conlan.

Torpid Liver, Stomach Trouble.

Mr. James O'Hynes, 241 Madison St., Topoka, Kan., conductor Santa Fe Railway and member Order of Railway Conductors, writes:

"I suffered with a torpid liver and stomach trouble, which made my complexion very yellow, and I felt miserable and tired all the time.

"An aunt wrote me that she was taking Peruna with such good results that she advised me to try it, and I finally bought a bottle, although I disliked to take patent medicines.

"However, I found Peruna very agreeable to take, and effective, as I felt better in a week. I took only five bottles in all and I found that was all I needed.

"I am most grateful to you for what your medicine has done

Mrs. Burt and son were in Janesville on Tuesday.

Miss Helen Johnson returned Tuesday to the U. W. after a few days at home.

Brownson-Hart Nuptials.

Washington, D. C., March 30.—The presence of many naval officers in full dress uniforms gave added brilliancy to the wedding today of Miss Caroline Brownson, daughter of Rear Admiral and Mrs. William H. Brownson, and Lieutenant Commander Thomas C. Hart, U. S. N. The wedding took place at noon at the home of the bride's parents. The ceremony was performed by Chaplain Clark of the Naval Academy and all of the attendants were naval officers or the wives or daughters of naval officers.

EVANSVILLE PASTOR
WAS HONORED GUEST

Rev. Ellen A. Copp, Retiring Pastor, Entertained at Banquet and a Reception.

(SPECIAL TO THE GAZETTE.)

Evansville, March 30.—About forty people attended a reception and banquet at the Central House last evening. The Rev. Ellen Copp was the guest of honor. Miss Marilla Andrews acted as toastmistress and Mrs. North spoke briefly. The company adjourned at an early hour in order that they might attend a reception given by the Eastern Star in Masonic hall. Mrs. Copp was again the guest of honor. She has severed her connection with the Free Baptist church in Evansville and leaves to reside with a daughter in Fort Atkinson, and will devote her time to literary pursuits.

Our band gave a fine concert followed by a dance last evening at the opera house.

Miss Ellen Ballard has two guests this week—Miss Ruth Sherman of Janesville and Miss Charlotte Wackman of Oregon, Wis.

Henry Kemp of Oshkosh transacted business in town today.

Henry Tolles of Nebraska left for Detroit today to visit a brother, before returning to his home state. He has been in Evansville for two weeks.

MARTIN McDERMOTT'S FOOT
WAS BADLY CUT YESTERDAY

Splinter of Steel Inflicted Deep Gash While He Was Caulking an Engine Last Night.

While caulking engine flues late yesterday afternoon, Martin McDermott, boiler-maker's helper, was badly cut on the right foot by a flying splinter of steel. The heavy instrument almost severed his small toe and cut a deep gash on three others. The injury while not serious, will keep him from work for some time.

ENGINE ATTEMPTED TO REACH
ROUND HOUSE UNASSISTED

Hereafter Dispatcher Roy Smith is going to hitch his engines more securely—chain them. Monday night, a Class D which he left near the coal shed, slipped its hater and made a run for the round house but was stopped before it reached the turntable pit by a big "zebra" engine, luckily, without much damage. A leading article caused the runaway.

Among the runs which were bulletined for application today were 582 and extra Janesville and Burlington turn around, open to an engineer and fireman, and a vacant position as fireman on No. 587 on the Madison division between Harvard and Janesville with Engineer Wilson.

Engineer G. E. Cole is setting up night round house foreman during the absence of L. L. Hoffman, who is laying off, sick.

Engineer Coen took Class A's place on the switch-engine last night.

Machinist Ernest Clarke is laying off today.

Engineer Sharpley dispatched in G. E. Cole's place last night.

Switchman John Barry went to work on the half and half yesterday.

Chicago, Milwaukee & St. Paul.

Engineer Smith and Fireman Higgins took 155 east this morning on the P. D. C. Division at 11:15 with engine 1620.

Engineer Bush and Fireman Daver took out an extra on the R. & S. W. this morning at 11:15 with engine 818.

Engineer McCarthy and Fireman Volden went west on 155 last night.

"Rights" and "the Right."

Small souls are always seeking their "rights" great souls seek "the right." No great deed has ever been done by the absolutely independent man. There have been brilliant deeds and daring, but all lacking something of human grandeur if not under orders and in obedience to a higher will.

BRIEF LOCAL NOTES.

Carload of Old Papers: In order to raise funds for home missionary work, the Local Board of the Congregational church will ship a carload of old papers and magazines to a strawboard factory tomorrow. Mrs. C. A. Thompson is chairman of the committee. Whether or not the junk dealers will demand that the board take out licenses remains to be seen.

Good Templars Have Open Lodge: People's Lodge No. 450, I. O. G. T. will hold an open lodge session on Friday, April 1st. All members are sure and come and bring your friends. A special invitation to the members who have met with us in the past, is extended. Don't forget the date, April 1st, at Good Templar hall, South Main street.

More Fines Collected: Fanny Adams made her first appearance in municipal court this morning, and paid a fine of \$25 and \$2.50 costs for conducting a resort. May Ford paid \$15 and \$2.50 costs for being an inmate of the place. The pair were preparing to vacate the premises when notice was served on them by the police authorities last evening.

Limitations of Genius.

The happiest genius will hardly succeed by nature and instinct alone in rising to the sublime. Art is art! he who has not thought it out has no right to call himself an artist.—Goethe.

Slightly Misquoted.

She—"Did I understand you to say that your friend, Mr. Needs, was thrilling for glory?" He—"Well, not exactly. I said he had a glorious throat."—The-Bits.

Bees and Fruit.

An insufficient supply of bees will hinder the setting of fruit. While other insects may take a part in the carrying of pollen, the fruit raiser must rely chiefly upon honey bees. Experience shows that, though bees may fly two or three miles, they should be within half a mile of the orchard or small fruit patch.

Mother's Responsibility.

Every mother should commence to be her child's companion from the moment of birth, says a writer. The impressions of early childhood are the best, and as Napoleon Bonaparte said: "The future good or bad conduct of a child depends entirely on the mother."

Duty and Usefulness.

Only to find our duty certainly, and somewhere, somehow, to do it faithfully, makes us good, strong, happy and useful men, and turns our lives into some feeble echo of the life of God.—Phillips Brooks.

Failure.

Real success is often achieved after many failures; an active man builds success upon a foundation of failure.—Russell Sage.

Most Valuable Influence.

The influence of one man of genius is of more value than that of many persons capable of instructing, but not of stimulating.

BAILEY & CO. THE CASH STOREUnequalled Values in New Spring Dress
Goods--Materials of High Character
Are Featured at Moderate Prices

We are enabled to offer rare values in our dress goods because every piece we buy is bought for cash and we can do this because this is a cash store. There are several advantages in buying at this cash store: the advantage of better values, of newer stocks, and of a choice each season of only the newest and best the market affords, and in addition there is the saving due to cash buying. We take all discounts. We do not have to make profits big enough to cover the loss of bad accounts and for interest on the money due and for the extra cost in keeping the accounts. You might just as well share these advantages.

The completeness of our Spring Displays of Black and Colored Dress Goods are being emphasized in our exclusive weaves and shades. We mention a few of the new goods we are showing.

French Serges

A very complete showing in all the newest shades.

AT 60c per yard a hard finished French serge, extra fine quality, all wool, evenly woven, 36 inches wide, all colors.

AT \$1.00 an all wool French serge, good weight, extra quality at the price, 45 inches wide, all colors.

Parima Diagonal Suitings

The stylish wide wale weave, a new cloth in the dress goods family and a pronounced favorite, in excellent range of colors, 45 inches wide, at \$1.00 yard.

Fancy Striped Suitings

An excellent hard finished serge with self stripe and in contrasting colors in beautiful combinations on tan ground, gray ground, new green ground, blue ground, etc., 50 inches wide, \$1.50 yard.

Black and White Checks

Two qualities at 50c and \$1.00 especially worthy of mention. They come in large and small checks, all wool fabric and both remarkable qualities, 45 inches wide at 1.00 and 36 inches wide at 50c yard.

Beautiful New Silks

GENUINE R. & T. SILKS—Shown in all the new Spring shades, and the natural pongee in Roberspiere, Milkado and Salome silks.

SHANTUNG SILKS—In natural pongee shade, in all the rough weaves and diagonals. The superior rough weaves in silks are particularly attractive and much in demand. 80c \$1.00 and \$1.25 per yard.

MESSALINES—In a large range of colors, extra width and unequalled quality, at, per yard, \$1.00.

CASHMERE DE SOIE—A new silk. Comes in all the leading light and dark colors, acceptable for spring and summer wear. Priced at \$1.00.

NEW WOOL TAFFETAS AND NEW FOULARD SILKS—The attractiveness of our present showing surpasses all previous efforts. The completeness of the stock as well as the individual beauty of the goods will impress you.

Tomorrow is the Last Day
—OF THE—

ANNUAL MARCH CLEARANCE SALE

Even up until the last day there is a good deal of interest shown, judging from the generous buying that still continues. Many people are buying now at the sale prices and having us reserve the goods until they want them. It is an excellent plan; you can practically buy goods six months hence at March Sale Prices.

We wish to say just a word about our mattress:

The "Ashcraft Special" Mattress,
Sale Price \$8.00

is an unusual bargain at the regular price, \$12.00. It is in every particular a high grade felt mattress. We have many advance orders on this mattress. People appreciate the values and are taking advantage of them. One of these mattresses at the sale price is a very good investment. If you do not want one now, we will reserve it for you at the sale price, if we have your order not later than tomorrow.

This is an exceptional offer and the price is exceptional.

MORE PROOF FOR AIR-LINE THEORY

PRES. EARLING AND DIRECTORS HERE FOR TWELVE HOURS.

MADE A CLOSE INSPECTION

Nephew of John D. Rockefeller and Other C. M. & St. P. Ry. Of.

That Janesville is to be a freight center on the new air line between Kansas City and Milwaukee, which, according to dispatches from Duquoin, is being contemplated by the Chicago, Milwaukee and St. Paul Ry., was partially confirmed yesterday morning when E. J. Earling, president of the road, and a large party of directors and officials left for Chicago after concluding a thorough inspection of the local yards and facilities for handling freight.

The party arrived in Janesville Monday afternoon about half past five o'clock from McGregor on the Prairie du Chien division, after concluding an inspection of the Pacific Coast extension. Included in the party, which occupied the private car "Vincennes," were President Earling, Percy Roehl, nephew of John D. Rockefeller, and a director of the road; H. H. Field, general solicitor of the coast extension, and Directors J. W. Taylor and Adams.

Just what the visit of this party of high officials means is not hard to conjecture for nothing less than an important extension such as the building of a line from Duquoin to Shullsburg and the diversion of the Kansas City traffic through this point to Milwaukee would bring them here for a twelve-hour inspection. None of the local officials except E. W. Zimmerman, agent, who conducted the party on their trip of inspection, knew that they had arrived.

The proposed extension which, according to dispatches, is highly probable, would mean a great increase in the amount of freight handled in this city and would undoubtedly result in the enlarging of the round house and freight yards to meet the increased traffic. As has already been stated, quiet negotiations have been carried on for the purchase of present land in the vicinity of the present yards and this coupled with the rumors about and the visit of the officials, makes the supposition that the change will be made extremely plausible.

TWO LOCAL COUPLES WERE WEDDED TODAY

Miss Eva L. Stewart Broomer, Bride of Clayton E. Fisher—Witnesses: Birmingham Nuptials.

At high noon today, at the home of the bride's parents, 150 Madison St., was solemnized the marriage of Eva L. Stewart and Clayton E. Fisher, both well known young people of this community.

The bride is the only daughter of Mr. and Mrs. Chas. Stewart and has been teaching in Calvary during the past year. She graduated from the Janesville High school with the class of 1908. The bride was attired in white Japanese mill and carried a bouquet of bride's roses. The groom is the oldest son of Mr. and Mrs. John H. Fisher, of the Town of Center, graduated from the Janesville High school in 1907, afterwards taking a course in the College of Agriculture, University of Wisconsin, graduating with the class of 1907. Since then he has been working on the farm in Center.

The ceremony was performed by Elder J. Harry Holbeck, pastor of the Christian Church, Eastville. In the presence of a few near relatives, following the ceremony a sumptuous four-course dinner was served. The house was tastefully decorated with carnations, wallflowers and ferns. The wedding march was played by Miss Edith Crall of Center while the bride and groom were attended by the groom's sister, Miss Daisy Fisher of Center, and E. Roger Wiegman of Racine Wis. Mr. and Mrs. Fisher were the recipients of many useful and valuable presents. They will be at home in Center April 10.

TWO LOCAL COUPLES WERE WEDDED TODAY

Miss Eva L. Stewart Broomer, Bride of Clayton E. Fisher—Witnesses: Birmingham Nuptials.

At high noon today, at the home of the bride's parents, 150 Madison St., was solemnized the marriage of Eva L. Stewart and Clayton E. Fisher, both well known young people of this community.

The bride is the only daughter of Mr. and Mrs. Chas. Stewart and has been teaching in Calvary during the past year. She graduated from the Janesville High school with the class of 1908. The bride was attired in white Japanese mill and carried a bouquet of bride's roses. The groom is the oldest son of Mr. and Mrs. John H. Fisher, of the Town of Center, graduated from the Janesville High school in 1907, afterwards taking a course in the College of Agriculture, University of Wisconsin, graduating with the class of 1907. Since then he has been working on the farm in Center.

The ceremony was performed by Elder J. Harry Holbeck, pastor of the Christian Church, Eastville. In the presence of a few near relatives, following the ceremony a sumptuous four-course dinner was served. The house was tastefully decorated with carnations, wallflowers and ferns. The wedding march was played by Miss Edith Crall of Center while the bride and groom were attended by the groom's sister, Miss Daisy Fisher of Center, and E. Roger Wiegman of Racine Wis. HEARING THE LOOP CONDEMNATION CASE

Commissioners Appointed by Judge Grinnell to Evidence in Court Chambers Today.

In the presence of Henry Tall of this city, Henry Jensen of Edgerton, and Edwin Elliott of Beloit, the commissioners appointed by Judge Grinnell to fix the damages, if any, wrought to property on Franklin and Wall streets by the interurban loop, testimony was offered by several witnesses in the circuit court chambers today. Attorney Charles Pierce represents Floyd Murdoch, W. H. H. Macdon, Mrs. Brunson, and other interested parties. Counsel for the interurban railroad company, Dr. J. E. Ponder, who was one of the witnesses called to the stand this afternoon gave it as his opinion that the Murdoch property would be worth from \$2,000 to \$2,500, without the interurban tracks in that locality and that the latter had caused a damage of from 15 to 20 per cent; that the Murdoch and Brunson property had been damaged from 20 to 25 per cent. C. S. Jackson, A. Schaller, Edward Schmidley, and other witnesses were called to the stand. The testimony will probably be completed today and a time fixed for the hearing of arguments.

AFFECTS PROGRESS OF THE OIL TRIAL

DEATH OF JUSTICE BREWER MAY RESULT IN HALTING CASE.

TOBACCO AND RATE TAX TOO

With But Seven Active Members It Is Improbable Decisions Will Be Rendered in Big Suits Without Rehearing or Re-Argument.

Washington, Mar. 29.—One of the possibilities, if not probabilities, growing out of the death of Associate Justice David J. Brewer is the rehearing by the supreme court of the United States of the Standard Oil, tobacco and corporation tax cases.

The seven active members of the court must decide. With Justice Moody so ill that his participation in the deliberations of the court is out of the question, and Justice Brewer dead, there is a bare possibility that such unanimity may prevail among the seven remaining justices as to enable them to decide the pending cases without question of injury to the interests of either side of the issues.

Re-Argument Is Probable. It was observed by experienced lawyers, however, that it is entirely improbable that there will be a decision in favor of either of the government or of the parties at issue on the other side. In that case, therefore, it is regarded as likely that rather than decide the cases by vote of four to three or five to two when there were two absentees, the seven justices will await the appointment of a successor to Justice Brewer before rendering the decisions, and even after that common counsel for a re-argument of the cases.

Naturally, none of the justices will discuss any of these possibilities. Attorney General Wolcott regards a re-argument as possible, but not at all probable.

It is altogether likely, however, that the decisions will be withheld until a

successor to Justice Brewer is appointed. There are several precedents, it was said at the office of the clerk of court, for a justice to take his seat and participate in a decision on a mere reading of the brief filed in the case. This would obviate the necessity of a rehearing, and is likely to be the method followed in the end.

A STORY OF BLUCHER.

The Old General Gave His Son a Lesson in Gaming.

Speaking of military men who were gamblers, Ralph Nevill in "Light Come, Light Go," after noting that Napoleon only played in an amateur way and never seriously and that the Duke of Wellington, while a member of Crockett's famous gambling club, was not particularly fond of play, goes on to relate the following about Blucher:

Another great soldier, on the other hand, repeatedly lost large sums at play. This was Blucher, who was inordinately fond of gambling. Much to his disgust, this passion was inherited by his son, who had often to be rebuked by his father for his visits to the gaming table and was given many a wholesome lecture upon his youth and inexperience and the consequent certainty of loss by coming in contact with older and more practiced gamblers.

One morning, however, young Blucher presented himself before his father and exclaimed, with an air of joy, "Sir, you said I know nothing of play, but here is proof that you have undervalued my talents," pulling out at the same time a bag of rubles which he had won the preceding night.

"And I said the truth," was the reply. "Sit down here and I'll convince you."

The dice were called for, and in a few minutes old Blucher won all his son's money, whereupon, after pocketing the cash, he rose from the table, observing, "Now you see that I was right when I told you that you would never win."

HOSTILE CAIRO MOB NUMBERING 2,000

SURROUNDS COL. ROOSEVELT'S
HOTEL AND MAKES FANATIC-
AL DEMONSTRATION.

"DOWN WITH LIARS" IS CRY

Former President is denounced for
Mixing in Nation's Affairs by Egypt
—Leaves for Naples.

Cairo, Egypt, Mar. 30.—Two thousand ultra-Nationalists took possession of the thoroughfare overlooked by the windows of the Roosevelt apartment in Shepherd's hotel and for half an hour deafening cries, uttered with fanatical intensity filled the air. This was in punishment of Col. Roosevelt's self-induction into Egyptian affairs and was expressed by a mob scene in the principal streets of Cairo.

"Down with liars!" shouted the mob. "Long live liberty! Long live Egypt! We demand a constitutional long live independence!"

Authorities feared violence. The authorities feared to attempt intervention in any way, as the spirit and strength of the mob were such that opposition would have precipitated violence.

Col. Roosevelt was not at the hotel, but this fact was unknown to the mob. An extraordinary situation prevailed in Cairo and the results are bound to be cumulative, say Christians and Mohammedans alike. Englishmen, who were exalted by Mr. Roosevelt for their administration of Egypt, have been forced into an embarrassing position.

Bitter Against Colonel.

Copts, Syrians, Americans and other Christians here find themselves embroiled now in menacing straits because Col. Roosevelt assumed to be their champion, and they are in no position to disclaim him if they desire. The Mohammedan Egyptians, forming the main strength of the Nationalists, who are in a large majority in Egypt, have been accused to bitter hatred against Col. Roosevelt and indirectly against the United States because of his exploitation of England and demands that the assassination of Minister Bontrout Pasha be avenged.

The mob finally marched down the street, shrieking and returned to repeat the demonstration, with its ranks augmented by Cairo ragmuffins, then departed to disperse.

Copts Reassure Roosevelt. Col. Roosevelt was visibly agitated when he returned to his apartments and learned of the significant demonstration.

A committee of Copts rushed in to reassure him, but at the same time he received this written message from the Nationalists:

"At our meeting resolutions were approved which we forward to you protesting against your references hostile to an Egyptian constitution."

The Nationalists also filed a formal protest with the authorities of the Egyptian university for permitting Roosevelt to speak there in defiance of the rule against speeches on political subjects. They objected also to conferring a degree on Col. Roosevelt.

ROBBERY OF \$50,000 AT CAPITAL.

Mother of Police Officials Loses Gems Near the White House.

Washington, Mar. 30.—Mrs. Henrietta Bingham, mother of First Deputy Justice Commissioner Frederick H. Bingham of New York, was robbed of nearly \$50,000 worth of jewels while visiting Mrs. Nelli Ludlow at 14 Lafayette square, within the shadow of the White House.

A footman in the employ of Mrs. Ludlow has disappeared and the police are looking for him.

SETS FIRE TO WIFE'S CLOTHES.

Woman is Fatally Act of Husband.

Mahoney City, Pa., Mar. 30.—Samuel Reed, 50 years old, a contract stone mason, poured a gallon of kerosene on his invalid wife and then set her ablaze while she was asleep. Attracted by the screams of the woman, neighbors rushed in and tore the flaming garments from her, but she was so severely burned she is not expected to survive. Reed was jailed.

GAYNOR PLANS "DRY" SUNDAY.

New York Mayor Outlines Law Enforcement Scheme to Curb Police.

New York, Mar. 30.—William J. Gaynor, mayor of Greater New York, made public last night his promised plan of action for making New York a "dry" city on Sunday and at the same time to eradicate the "eating canker of extortion" by the police, which he characterized as far worse than Sunday liquor selling.

Since he assumed office the mayor has vigorously combated the police custom of allowing "plain clothes men" to seek Sunday law violations, condemning it as a system offering temptation to graft. Opposing it, he promised a practical substitute, and he came forth with his suggestions. They are embodied in a letter to William H. Baker, commissioner of police, in which the mayor not only outlines his plan of action but describes the extortion to which liquor dealers have voluntarily submitted.

In short, the mayor places the entire responsibility in the hands of the state excise department and the district attorney's office. The police are practically forbidden to make arrests.

BANKERS CALLED BY GRAFT INVESTIGATORS

United States Government Takes a
Hand in Pittsburgh Council
Bribery Scandal.

Pittsburgh, Pa., Mar. 30.—A report has gained credence that the United States government has taken a hand in the latest graft investigation.

Two special agents from the department of justice have been in the city a week. It is said their reports contain startling facts as yet untold. Both, however, refused to discuss their mission.

In the grand jury inquiry most of the questioning of bank officials is being carried on by Harrison Nesbit, jury foreman, who, as national bank examiner, first unearthed the scandal. Nesbit is thoroughly familiar with the bank transactions. He examined a number of the institutions when he was in the employ of the federal government.

A presentation is expected when all of the bankers have been heard.

Select Councilman Charles Stewart, reported to hold the key to the graft situation, was a witness before the grand jury. When he told his story in the district attorney's office he said he withheld the name of the man who handed him \$45,000 to corrupt city councilmen. It is believed he is being given full opportunity now to state his case. His testimony will add the district attorney in his search for the "men higher up."

SCANDAL ARISES OVER MISSISSIPPI SENATOR

L. C. Dulany is Arrested on Charge
of Giving Bribe to Legislator.

Jackson, Miss., Mar. 30.—L. C. Dulany was arrested on indictment returned by the grand jury charging him with offering a bribe in the recent senatorial election when Leroy Percy was selected for the United States senate. Dulany was released on \$5,000 bail.

Never before in the history of this city has a political situation been so tense and acute as it is over the charges of Senator T. G. Bilbo that he had been paid a bribe of \$45,000 by L. C. Dulany of Mississippi county, to support United States Senator Leroy Percy in his recent candidacy before the Mississippi legislature.

Senator Bilbo made the first positive statement of the affair. He said he kept Rev. S. B. Cuttenger, president of the Clark Memorial college at Newton, Miss., in his (Bilbo's) room at a local hotel for four days in order that the minister might be on hand when the bribe was given. The first payment was made, however, in another room. The money was given in three installments, he said. He asserted that he called a caucus of Vardaman supporters and outlined to them his plan to expose the alleged bribery.

Washington, Mar. 30.—Senator Percy of Mississippi indignantly denies that his election had been secured by bribery or other improper means. He did not seem disturbed by the charges from Jackson relating to charges, confessions and indictments. The senate will take no cognizance of allegations against Senator Percy unless they be filed in a regular way or the senator himself should request that an investigation of the entire matter be made.

Aids to the Digestion.

Where nourishment and health are concerned laughter and good will are vigorous promoters of the digestive functions. The court jester was a valuable piece of dining room furniture in olden times, and a good-natured and cheerful guest, who keeps up a lively and entertaining conversation at table, does more to aid digestion than all the nostrums ever invented.

Saved by Spike Catching Shirt. Eleven-year-old William Cahenling fell into the bay at the foot of Canal street, Stapleton, and was carried under the pier. As he was going under his shirt caught on a spike in a splice, and held his head above water until Henry Kirschner found and released him.

COAL PEACE HAS FAILED

MINERS AND OPERATORS CAN-
NOT AGREE AND STRIKE
MAY FOLLOW.

PRESIDENT LEWIS HOPEFUL

Believes Situation Will Not Seriously
Affect Mining Industry—May Be
Some Temporary Suspensions, But
No General Walkout.

Cincinnati, Mar. 30.—Only immediate increase in wages will prevent numerous and widespread strikes in the bituminous coal mines of the country. This appears to be the inevitable sequel of the action of the special convention of the United Mine Workers of North America in adjourning here, following the final disagreement and dissolution of the joint conference of the central competitive field.

Suspension Work April 1.

It is expected that work in all parts of the bituminous producing territories of this country will be suspended on April 1, though the miners will not enter into active warfare against the operators as has been presumed. The miners and operators of every state will meet in state bodies an endeavor to reach agreements. If these are possible, then a strike will be out of the question; but if they fail, and there are many who say that some of them can never reach a peaceful understanding, especially in Illinois and Pennsylvania—the miners of such states will immediately go out on a strike.

President Lewis Talks.

President Thomas L. Lewis of the United Mine Workers in a signed statement said:

"The failure to reach an agreement in the tri-state joint convention, which has been in session in this city for three weeks, will have no serious effect on the mining industry of the country. The threatened strike involving half a million mine workers will not take place. There may be temporary suspensions in some of the districts until such time as we are able to reach the operators and explain the situation. The larger part of the tonnage represented by Ohio operators will be signed up within a week. This will also apply to many other districts. The situation in Illinois and western Pennsylvania may be somewhat complicated for a couple of weeks or a little longer, but I am satisfied that everything will be straightened out without any very serious trouble."

Miners Favor Strike.

It is said that miners and operators in Pennsylvania and Illinois will fail to agree because of the explosive questions involving the mines there and miners for those states were free in expounding themselves as favoring strikes if their requests are not granted.

ALLDS HELD BRIBER; RESIGNS.

New York Senator Gets Out in Time
to Escape Punishment.

Albany, N. Y., Mar. 30.—By a vote of 40 to 9, the senate sustained the charge that Senator Allis had demanded and taken a bribe.

The senate was unable to punish Allis, however, for before the vote began he resigned his seat in the senate and thereby released himself from the jurisdiction of that body.

The question of what shall be done with Senator Conger, Allis' accuser, remains. A report that Conger intended to follow Allis' example and resign is proven unfounded, and his action is in doubt. Majority Leader Cobb introduced a resolution for the formal presentation of charges against Conger, based on the evidence brought out by the investigation, that he gave a bribe to influence legislation.

HILL IN A PESSIMISTIC MOOD.

Railroad Magnate Says Freight Rates

Must Be Increased.

New York, Mar. 30.—James J. Hill returned from a trip through the west in a somewhat pessimistic mood. He is an optimist so far as railroad earnings are concerned, but he is a pessimist as to the ability of the railroads to handle the freight proffered unless the sum of \$5,500,000,000 is expended on improved roadbeds, increased car facilities and vast extension of terminals. Just how this huge sum of money is to be raised Mr. Hill is somewhat in doubt, but, if raised at all, it will have to come from increased freight rates and, therefore, an additional burden on the producer.

POLE DEFEATS TURK MAHMOUD.

Zbyzsko Wins Right to Wrestle Gutch
for Championship.

Chicago, Mar. 30.—Stanislaw Zbyzsko, Polish giant, last night won the right to tackle Frank Gutch for the championship of the world by throwing Yusak Mahmoud in two straight falls at the Coliseum.

The Pole won the first fall in 1 hour 5 minutes and 51 seconds. In the second round the Turk was slightly more flustered and was put to the mat in 25 minutes and 4 seconds.

So Many Pittsburgh Councilmen Indicted it is impossible to get Quorum. At left, District Attorney William A. Blakeley; upper right, Dr. William H. Weber; below, Captain John Klein.

Pittsburgh, Pa., Mar. 30.—Present and former members of select common council under indictment on a charge of bribery, and 10 more with suspended sentences and held in \$500 bonds upon their confessions in sharing in a proof of \$102,000 to influence the votes of the municipal board, is the result of the first day's inquiry of the grand jury, following the sensational confession of Captain John Klein, former member of council, who was the chief disbursing officer of the fund, characterized himself as "chancellor of the exchequer."

Judge R. S. Frazer sat as a consulting magistrate in the criminal courtroom, and his desk became "a throne of grace" to the many councilmen under suspicion, who swarmed before the judge to be "washed of their sins." On one floor of the court building the grand jury would hear the confessions of councilmen, who would then go before Judge Frazer and take the immunity oath, offered last week by the district attorney.

While these proceedings were going on, the corridors of the courthouse were thronged, and as each councilman put in an appearance there was a clamor of "when are they going to get the big ones?" Once during the late afternoon a north side councilman rushed into the courtroom and wanted to confess, but he was told to come back tomorrow, "we're too busy," which brought a roar of laughter from the crowd on the benches.

As fast as the present councilmen appeared, after they had received their confessions, they were ordered immediately to resign from the city government, and in every instance the letter of resignation was written in the district attorney's office and mailed to Mayor W. A. Magee before the guilty ones left the building.

The greatest surprise of the day came late in the afternoon, when Dr. W. H. Weber, member of the select council, appeared before Judge Frazer and made a confession almost startling as startling as that of Klein. Weber told of receiving \$10,000 in a shoe box. This, he said, he gave to Klein for members of the common council, while he kept \$4,000 to "fix" members of the upper branch. Later, according to Weber, it was found necessary to secure more votes and more money was raised, and when this was divided it was found that the additional councilmen's share was but \$81.10.

District Attorney William A. Blakeley today extended the time limit by 24 hours, within which time others may come within his immunity program. After 1 o'clock warrants will be issued for all who have failed to appear and these will be vigorously prosecuted.

Multi-Millionaire Banker Prepares for Death

Thomas F. Walsh and his magnificent home at Washington, to which he fled from Texas.

Washington, D. C.—On a special train with track all cleared, Thomas F. Walsh, the colorful multi-millionaire, fled to Washington in order to put his affairs in shape and prepare to meet death, which he believes to be near.

For some time Mr. Walsh sought different climates, especially at San Antonio, Texas, in an effort to improve his physical condition, but it is now known that the physician has given up hope of one climate being more beneficial than another and he decided to return to Washington.

Mr. Walsh made his immense fortune in mines near Leadville and Ouray, Colo. At the time he sold a controlling interest to an English syndicate some years ago he was reputed to be worth \$50,000,000.

He is known as a prince of spenders and as one who never forgets an old friend, no matter how humble. One of the most noted of his entertainments

was a dinner in Paris to Leopold of Belgium that cost \$75,000. He owns the finest home in Washington and also has a mansion at Newport and other costly residences. He started in life as a laborer on the streets of Boston.

He had two children, Vinson, his son was killed in an automobile accident. Miss Evelyn became the wife of John R. McLean's son. Their baby is known as the eldest infant in the world, heir to both the Walsh and McLean fortunes.

1910 Cadillac "Thirty"

THIS advertisement is to tell you what we know about the Cadillac "Thirty" and what 10,000 owners know about it.

Of course, when you purchase an automobile, the main objects you have in view are to get a good, dependable, high-grade car as good as the best and to pay the least possible price necessary to accomplish this end.

The Cadillac "THIRTY" has conclusively proven that it has no superior at any price. The Cadillac "THIRTY" makes it absolutely unnecessary for you to take any chances in buying an unknown quantity or paying a higher price for a high grade automobile. And 10,000 people in the United States have taken advantage of the opportunity to own a high-class car for one-half the price commonly paid for cars not its equal.

FOR YOU TO MAKE FAIR COMPARISONS ALONG THESE LINES, WE WILL TELL YOU WHAT CONSTITUTES A HIGH-CLASS AUTOMOBILE:

The best and highest priced material that money can buy; advanced and correct mechanical design; and these principles in the hands of an honorable manufacturer who has both the ability and the honest desire to build a high-grade car is what you get in a Cadillac "THIRTY" at a moderate price.

Again, standardization of parts is a positive assurance of every one getting a good car when buying a Cadillac; all parts are absolutely alike to 1/1000th of an inch; no making over of parts when assembling cars. Thus, every Cadillac when it is produced is a facsimile of every other Cadillac "THIRTY."

Examine this Cadillac "THIRTY" point for point and you will find in every feature that it is equal in construction, design and workmanship to any high-priced car on the market. Bear in mind, design means more than looks. Correct mechanical design is more important in the production of a high-class automobile than is generally understood. A car may be made of the best material and finest workmanship, but if poorly mechanically designed it is a FAILURE. Or should it be correctly mechanically designed and poor workmanship and material used in its construction, again it would be a FAILURE; but the Cadillac "THIRTY" represents all of the essential points; correct mechanical design, high-class workmanship, and the very best material available. There is nothing more than can possibly enter into the construction of any automobile.

These principles of construction, once applied, admit of no variation—thus every Cadillac owner says the same thing; that the Cadillac is absolutely dependable, never causes any trouble and a constant source of pleasant surprise.

For Spring and summer selling received since Jan. 1st. All departments have had their quota of seasonable goods. Every day large shipments are coming to this store. Frequent buying is necessary to replenish broken lines, to keep stocks complete. People come to The Big Store, expecting to find what they want, and usually find it.

Of Wearing Apparel

A more comprehensive stock is simply not carried in Janesville. It means a very much larger investment than any other merchant in several counties would dare to make. We put in the money because our immense trade warrants it. Our trade arm reaches a long way from Janesville. If you have a ready-to-wear want The Big Store can supply it. Suits, Dresses, Gowns, Skirts, Coats, Wraps, Garments for all of the feminine members of the family are here in great variety. It would be next to impossible for women, misses and children to be properly clothed today if it were not for the ready-to-wear garments. But, there is a great difference in the way garments are made. It takes years to learn how to buy garments to the best advantage, to know just what kind not to buy. We Keep the Quality Up, and every garment bought by us must come up to a certain standard. Women have learned this, which accounts for our ever increasing business. Satisfied customers are our best advertisements.

ADVICE TO WOMEN

A Message from a Famous Beauty Specialist to Women Lacking in Energy and Vitality.

Thousands of women vainly attempt to improve their complexion and to remove blackheads, crows' feet and other blemishes, through the use of cosmetics. This treatment fails because the trouble lies far deeper than the skin. They are suffering from impure and impoverished blood. This condition is in many cases due to a catarrhal condition of the whole system which finds its expression in sulky, muddy complexion, darkened eyes, general weakness of the system, and perhaps most plainly in the swelling of mucous membranes that is commonly called catarrh.

In fact this whole tendency is, properly speaking, catarrh. It is this catarrh, and the complexion will clear as if by magic, eyes will brighten, faces become rosy and shoulders erect. Perfect beauty goes only with perfect health, and perfect health for women can only be obtained through one certain treatment—that which will cure catarrh.

Mrs. Swift, New York, the famous beauty specialist known throughout the world and an accepted authority on all relating thereto, states that the one positive and permanent relief for catarrh is Rexall Men-Tone. Here is her letter:

"I can strongly endorse the claim made for Rexall Men-Tone as a cure for systemic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. It women who are tired and run down, lacking in energy and vitality, will use Rexall Men-Tone, they will praise me for its strengthening and healing qualities."

Rexall Men-Tone works through the blood, acting thus upon the mucous cells—the congestion and inflammation of which causes local catarrh. This remedy causes poison to be expelled from the system, and the blood is purified and revitalized. Thus the natural functions of the mucous cells are restored, and the membranes are cleansed and made strong. We know that Rexall Men-Tone does relieve catarrh. We positively guarantee to refund the money paid us for this remedy in every case where the user is dissatisfied. It is a builder of vigorous health and a creator of good complexion. Price 50 cents and \$1.00 per bottle. Mail orders filled. It may be obtained only at our store—The Rexall Store, The Smith Drug Co.

WOMAN'S PAGE

The Evening Chit-Chat

By RUTH CAMERON

I HAD MY pencil all poised to make a crusade against posing of any kind, good or bad, when someone presented me with a new point of view.

So instead of making the crusade I'll just pass the point of view along to you.

Isn't a good pose an attempt to live towards an ideal? And isn't that a desirable thing?

Isn't it better to try to be something fine that you are not than to be satisfied with just being genuinely what you are, however undesirable?

I remember a girl who used to go to school with me, who was much admired by many of the girls because she, as they put it, "pretended to be so terribly good."

That meant that she was always extremely nice to the unpopular girls, that she always wrote letters to and went to call on anyone who was ill or shut-in, frequently helped the extra stupid girls with their lessons and said all sorts of nice things about the extra clever ones.

"It's just a pose," the people who disliked her said. "Marion likes to patronize people and have them always thanking her and so she takes this pose."

Now all that may have been very unjust. It may have been simply envy of someone better than they. I'll admit she sometimes struck me as too good to be true, but I won't attempt to judge as to Marion's genuineness.

But the point I want to make is simply this: If it was a pose, wasn't it worth while?

Didn't she deserve more credit for posing than the girls who prided themselves that "they didn't pretend to be angels like Marion but they were genuine?" did for being genuine?

There is a man in our office whose pose is "the cultured newspaper man." In the pursuit of this pose he says "bin" and "vague" but he takes care to dress in the best of taste, tries to use perfect English and grammar, cultivate good manners, table and otherwise, never uses profanity and takes an interest in music and art and such things that really cultured people care about.

Since his pose makes him do things that are good in themselves isn't it a good thing that he poses?

Isn't his pose of culture decidedly preferable to the genuine uncouthness of some of those who make fun of him for assuming a pose?

People say that if you tell a made-up story enough times you come to believe it yourself.

If you hold a pose long enough you are apt to grow into it so that it will become natural and no longer a pose.

Considering that, don't you think a good pose is a good thing?

MISS EMMA R. KNEEL.
FIRST LADY TO MANAGE FAIR IN THE UNITED STATES.

Carthage, Mo.—Miss Emma R. Knell of this city, who bears the distinction of being the first lady secretary of a country fair in the United States, has accepted a position as secretary of a big fair that is to be established at Muskogee, Okla., under her direction. The association will spend \$50,000 to make it a success.

Miss Knell is practically permitted to name the amount of her salary, and her record as secretary of the Knell fair for the last few years indicates that she will be worth a good sum.

Miss Knell got into the fair business several years ago when her father bought the Jasper county fair. She was made secretary at once and

Senate Committee Agrees on \$1,000,000 Appropriation for Illinois Portion.

Washington, Mar. 30.—The senate committee on commerce agreed to the conditional appropriation of \$1,000,000 for the Illinois stretch of the lakes to the Gulf deep waterway. That item of the rivers and harbors bill was accepted after it had been amended to somewhat enlarge the scope of the new round of survey.

Take the children and a basket of lunch and get out of the city these first warm spring days.

The woods in spring are full of fascination before a single violet daisy lift its head. The colors in the woody stems lifting to life after the long sleep is a sign and a seal of the awakening.

From the deep of good fresh country air. If it has been raining for a few days before you go wear rubbers on your feet, but don't muffle your soul.

The world is so big and beautiful after all the days of being shut in by cold weather. Everything is a joy if you will but take it, but—don't go if you are going to find fault with every mishap. The children will probably slip into a pool over the shoe tops, but why worry? Even a hot rage won't dry the little feet and may scar a little blossoming soul.

Forget the world and lift up your hearts in thanks that you are alive, and that the world is so fair.

The person in stories need not be put in words, but absorbed through every pore.

Teach the children to keep their eyes open. Rejoice with them over every leaflet and bit of brightly colored stem they find. Help them to turn the little book rippling among the stones.

Take a few potatoes along to roast in the ashes of the camp fire and eat them with the appetite that only comes with a day in the open, when Jack Frost still lingers to give a sharp little nip to the air.

Show the boys and girls how to play duck on the rock and skip stones. They can't throw of course, but they will like to think they can and where's the harm?

Play ball and run and be a child with your children.

If you are afraid of public opinion don't take it along with you. Just take the children and they will think everything you do is just right, and that you are beautiful and good.

Such a day is good for the lungs. It sets like a tonic to the liver and it makes the heart beat with new and beautiful beats. The days when you will promise yourself many more days like this.

You may not have time to take them, but you will have had this one anyway.

Such a day, unmarred by worry or fret or temper, will give a child a memory that will be the better for all the days of his life and you will not need to take any other spring tonic if you will follow this prescription once a week on the next month. Try it and see if life isn't more worth living than it has been for a long time.

MOODY MURDER PROBE AT HALT.

Police and Coroner Unable to Place Blame Upon Anyone.

Chicago, Mar. 30.—Investigation into the death of Alexander J. Moody, the piano manufacturer and relative by marriage of Congressman William J. May, who died suddenly on February 20 after eating hamburger steak, which, it is asserted, was sprinkled with arsenic, is at a standstill.

Coroner Peter Hoffman and detectives from his office, Assistant Chief of Police Schuetzler and detectives from his office, and all others who have been trying to ascertain whether Moody was the victim of a plot, are at a loss where to turn.

After five weeks of the most painstaking investigation, coroner and police have been unable to unearth any evidence that places the blame for the death of Moody upon any one person or persons.

Suspicion—suspicion directed at a man and a woman—is as far as the coroner and police have got.

Nothing has been found that in any way attaches the slightest blame for the sudden end of the piano merchant on either Mrs. Anna Moody, his widow, or upon Peter (Raffy) Peterson, the Moody confidential servant.

A subpoena was issued from Coroner Hoffman's office for Peter Peterson demanding his presence at the adjourned inquest on the death of Moody April 12.

The subpoena was served on Peterson last night at his farm near St. Charles.

BALLINGER CALLED A SHYSTER.

Eastern Magazine Continues Its Crusade Against Secretary of Interior.

New York, Mar. 30.—Collier's in the current issue continues its crusade against Secretary of the Interior Ballinger with an article entitled "Ballinger—Shyster," in which C. P. Connolly tells a story that on the face of it reflects on Mr. Ballinger's professional conduct when he was practicing law in Port Townsend, Wash.

The story concerns Ballinger's relations with the Seaside-Winn-American bank and the shipbuilding firm of Heckman & Hanson, and tends to show that Ballinger, after acting as attorney for Heckman & Hanson and acquiring a knowledge of their business affairs, accepted antagonistic employment from the bank. The matter resulted in two attempts to have Ballinger and other lawyers disbarred, which failed.

A WOMAN'S ANSWER

Every Day—The Grocers Say.

Heart to Heart Talks.

By EDWIN A. NYE.

A NEW LINCOLN STORY.

Lincoln's birthday brought out a new Lincoln story. This is it:

Mrs. Eliza Wells of Ypsilanti, Mich., is old now, but fifty-four years ago she was a plump young girl of Springfield, Ill.

Her father, Dr. Taylor, was a chum of Lincoln, and they often across the hall from each other. Looking through Lincoln's uncouth exterior, the doctor saw a beautiful soul.

Presently the cholera came to Springfield. Taylor was busy day and night. Lincoln helped and cleared him and when medicine was needed for the poor spared a few bills from his lean purse.

The strain and loss of sleep put the doctor on his back with typhoid fever. Lincoln spent much time at the bedside and when the doctor was dying leaned over the bed and said:

"Don't worry, doc, about going. I'm left to look after your family."

"I won't, Abe," were Taylor's last words.

Two weeks later Mrs. Taylor died of a broken heart, leaving the young girl doubly orphaned.

At the funeral they sent the daughter into the parlor to her mother's coffin alone. Dazed with her sorrow, heartbroken, shaken with dry sobs, she threw herself across her mother's coffin.

"Then," says Mrs. Wells, "I became aware of a gentle hand stroking my hair. 'Poor Eliza! Girl, come home with me now.' And, looking up, she says:

"I saw the kindest and most beautiful face God ever created. It was Mr. Lincoln's."

She also had seen a glimpse of Lincoln's soul, and he was no longer ugly.

For two years the girl lived as a member of Lincoln's household in Springfield.

After two years Eliza was married in the Lincoln home. When her husband died, shortly following the birth of the first baby, Mr. Lincoln looked after her as if she had been his own daughter.

Lincoln's biographers lost something valuable when they omitted that story. "He belongs to the ages."

Thus spoke Secretary Stanton on the morning of that fateful day in April, 1865, in the room of the house across from Ford's theater as he put out his hands to close the eyes of Abraham Lincoln when he had breathed his last. But—

The Lincoln we want to know is the one who got off his horse to put the feeblest back in the nest whence the storm had blown them, the Lincoln who took to his home and heart the orphaned girl.

ENTIRE WEST IN STORM GRIP.

Wind, Rain and Snow Sweeps Country Beyond Kansas City.

Denver, Col., Mar. 30.—Winds of almost hurricane violence, accompanied by heavy rain and snow, nearly cut off this city from the outside world. Over the entire region west of Kansas City to the Pacific coast from Santa Fe, N. M., into central Wyoming the storm raged, paralyzing telegraphic communication and seriously delaying railroad traffic.

Miles of telegraph poles are reported to have been carried down. Telephone wires were pressed into service, but they, too, failed.

Tariff Pact Is Approved.

Paris, Mar. 30.—The bill approving the Franco-American tariff agreement was adopted unanimously by the chamber of deputies. The only objection to the measure was raised by M. Antoinette Jourde, radical-socialist, on the ground that the United States could discontinue the minimum concession at any time on three months' notice of her intention to do so. Minister of Commerce Dupuy explained that both countries were on the same footing in this respect, the right to break the agreement after due notice being reciprocal.

Enlightening. A little girl of two years, when asked recently by a stranger, "Who are you?" quickly answered, "Mamma's darling and daddy's put."

Extremely So. It is hard for a man to have harmony in his soul when there is discord in his stomach.

Uncounted Money

Mr. Merchant, when you take your money from your cash drawer, you count it carefully; separate the gold, silver and currency; make up your deposit slip and take it to the bank.

The cashier gives you credit by entering the date and amount of deposit in your pass-book. You then have a sense of security, as you feel that so much of your goods has been turned into money and is safe.

Would you do business with your banker, would you trust your money to his care, if he didn't get a perfect cash balance every day; if he didn't account for every penny's worth of business done each day?

If your money, than you do in your store, you wouldn't trust him with a dollar.

Why is it that only 5 per cent of bankers fail, making an average profit of 5 per cent, while 90 per cent of retail merchants fail making an average gross profit of 20 per cent?

The answer is, system. The banker keeps his money counted. He accounts for every penny.

You wonder, "How can I have as perfect system for entering for my money and accounts in my store as my banker has in his bank?"

The answer is, by using a National Cash Register. It provides a perfect "Banking System" for your store, that insures your money and accounts.

It protects you absolutely against the dangers of uncounted money. It enforces a record of all charge accounts.

National Cash Registers are doing these things for over 800,000 merchants. What they are doing for other merchants they will also do for you.

As a business proposition you should investigate this.

Write or phone me today. We have fully guaranteed registers as low as \$15; small monthly payments, or a liberal discount for cash.
